

**Radio Maria – Sierra Leone**  
*FM 101.1 Makeni – 90.7 Freetown – 91.9 Bo*  
*‘A Christian voice with you’*

Radio Maria is a non-commercial radio station located in the Marian Hills of Makeni. The station was established in 2004 and broadcasts religious and social programs throughout Sierra Leone.

***Mission Statement:***

To spread the Word of God throughout the country, to help break down the walls that separate people; to uphold the dignity of every human being and to work for a more religious, just and caring society.

Radio Maria SL uses the radio as a means of evangelization, responding to the needs of the community it addresses, contributing to its development with prospects of progress in favor of social change. The radio battles to democratise communication through different methods of community participation, in harmony with the mission of the project, using strategies that include live programmes, participation and involvement of the apostolate.

“Faith, love and hope come through listening, and self-reliance through education. Both sides of human integral development is what this radio intends to attain.”

- Rev. Fr. Cyprien Yawo KPODZO, Former delegate of World Family of Radio Maria on the occasion of RMSL’s launching ceremony
